The 7 Habits of Highly Effective People: Revised and Updated In 1989, Steven Covey published a business book or was it a self-help book? Actually 7 Habits of Highly Effective People is a hybrid. Like a Toyota Prius or a Ford Focus blends electricity and gasoline to maximize efficiency, One can blend the way he or she conducts business and leads their personal lives to benefit both. The two are intertwined and when you lead life with poise, astuteness, dignity and a sense of purpose, success can be achieved. The paradigm or way to think about things is changed. A habit is a pattern derived from frequent repetition. It becomes an unconscious choice to act a certain way with oneself or with others. A habit can be as simple as waking up at dawn or saying thank you when a person lends you a favor. Covey puts forth that all successful people share these 7 habits, which become an integral part of a person's character. By striving to implement these character traits into our own lives, we can be effective and successful too. Changing our habit's to mirror those in 7 Habits of Highly Successful People is not simple. A process may require baby steps when our instincts tell us to take giant leaps. Fortitude is required but the payoff is enormous. The 7 habits toward success can be taken in three stages. Independence happens when we work on ourselves internally. These steps towards self-regulation include habits 1-3. 1.Be Proactive 2.Begin with the end in mind 3.Put first things first Once we achieve independence, it is time to improve interaction with others. In the words of John Donne (1572-1631) No man is an island, entire of itself; The following three habits will help us achieve interdependence. 4.Think Win-win 5.Seek first to be understood then to understand 6.Synergize The final habit of highly successful people is perhaps the most important because without it the others are no possible. 7.Sharpen the Saw These tools can set you on the road to success. 7 Habits of Highly Successful People has sold over 15 million copies worldwide and it can be read in over 30 languages. World known business leaders and heads of state like President Bill Clinton of the United States have found this book useful. The time is now to begin implementing them into your life.

The Leader in Me Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

The 7 Habits of Highly Effective People In the 7 Habits series, international bestselling author Stephen R. Covey showed us how to become as effective as it is possible to be. In his long-awaited new book, *THE 8th HABIT*, he opens up an entirely new dimension of human potential, and shows us how to achieve greatness in any position and any venue. All of us, Covey says, have within us the means for greatness. To tap into it is a matter of finding the right balance of four human attributes: talent, need, conscience and passion. At the nexus of these four attributes is what Covey calls voice - the unique, personal significance we each possess. Covey exhorts us all to move beyond effectiveness into the realm of greatness - and he shows us how to do so, by engaging our strengths and locating our powerful, individual voices. Why do we need this new habit? Because we have entered a new era in human history. The world is a profoundly different place than when *THE 7 HABITS OF HIGHLY EFFECTIVE PEOPLE* was originally published in 1989. The challenges and complexity we face today are of a different order of magnitude. We enjoy far greater autonomy in all areas of our lives, and along with this freedom comes the expectation that we will manage ourselves, instead of being managed by others. At the same time, we struggle to feel engaged, fulfilled and passionate. Tapping into the higher reaches of human genius and motivation to find our voice requires a new mindset, a new skill-set, a new tool-set - in short, a whole new habit.
