Intro. The past few years have been especially booming in the world of NLP. This is mainly due to one of the most important breakthroughs of NLP in the modern decade – Transformers. If you haven't read my previous article on BERT for text classification, go ahead and take a look! Another popular transformer that we will talk ...

### The First Genocide: Carthage, 146 BC - Yale University

Overview. Group polarization is an important phenomenon in social psychology and is observable in many social contexts. For example, a group of women who hold moderately feminist views tend to demonstrate heightened pro-feminist beliefs following group discussion. Similarly, studies have shown that after deliberating together, mock jury members often decided on ...

### Group polarization - Wikipedia

Dec 29, 2021 · Tankers loaded with US liquefied natural gas (LNG) that was reportedly destined for China have been diverted to head towards Britain instead, as Europe's energy crisis worsens by the day. The cargo is making its way through the UK's inshore waterways in a move that is "critical to tempering even

*Large asteroid stronger than nuke heading towards Earth*

On its negative side, this destruction does not relate itself toward the past; its criticism is aimed at 'today' and at the prevalent way of treating the history of ontology. .. But to bury the past in nullity (Nichtigkeit) is not the purpose of this destruction; its aim is positive; its negative function remains unexpressed and indirect.

*Category 6: Day of Destruction (TV Movie 2004) - IMDb*

Logos Definition. Derived from a Greek word, Logos means "logic." Logos is a literary device that can be described as a statement, sentence, or argument used to convince or persuade the targeted audience by employing reason or logic. In everyday life, arguments depend upon pathos and ethos besides logos. Let's take a look at logos examples in literature and debates.
